Installation Instructions for USB Drivers

Outline of the steps to install USB Drivers

1. Read these Installation Instructions first.

2. Check your version of Windows to make sure it is compatible with Meriam USB Drivers.

3. Find out what system type you have: 32-bit or 64 bit.

4. Download the required zip file.

5. Install the USB drivers.

Check your version of Microsoft Windows

The Meriam USB drivers are compatible with these versions of Windows:

- Windows 10

- Windows 8 (8.1)

- Windows 7

- Window XP

Find out what system type you have: 32-bit or 64-bit

Windows 10

1. Click the **Start** menu button.

2. Click **Control Panel**.

3. Click the **System** icon.

4. Look for **System type:** 64-bit or 32 bit.

   Note: *Or, you may open Settings, click System icon, click About, look for System type: 64-bit or 32 bit*

   You are ready to go to the section Download USB files.

Windows 8 (8.1)

1. Point to the lower-right corner of the screen, and then click **Search**.

2. Type system in the search box, and then click **Settings**.

3. Click **System**. Under the **System** heading, the system type displays one of these two statements:

   a. 64-bit Operating System.

   b. 32-bit Operating System.

   You are ready to go to the section Download USB files.

Windows 7 (or Windows Vista)

1. Click the **Start** button and click **Control Panel**.

2. Click **System**.

3. Look for **System type:** 64-bit or 32 bit.

You are ready to go to the section Download USB files.

Windows XP

1. Click **Start**, and then click **Run**.

2. Type *sysdm.cpl*, and then click **OK**.

3. Click the **General** tab. The operating system is displayed as follows:

   a. If System lists **Windows XP Professional Version <with a year>,**
      then you have a 32 bit system.

   b. If System lists **Windows XP Professional x64 Edition Version <with a year>,**
      then you have a 64 bit system.

You are ready to go to the section Download USB files.

Download the USB drivers

1. Click the *system type* that your computer requires and download the file to save it on your computer:

   a. 32 bit USB Driver.zip

   b. 64 bit USB Driver.zip

Install the USB drivers

1. Open the zip file and **Extract** the folder to a location on your computer.

2. Locate the folder and double click to open it.

3. Double click the **Installer.exe** file.

4. Follow the on-screen instructions.
