

EC Declaration of Conformity to EMC Directive 2004/108/EC

Manufacturer: Meriam Process Technologies, a Scott Fetzer Company
10920 Madison Avenue
Cleveland, Ohio 44102
USA

Product Description: M1 Series Handheld Equipment
Model: M130: Single Function Thermocouple Calibrator

Certifying Agency: EU Compliance Services
7580 St. Clair Avenue
Mentor, Ohio 44060
USA

The manufacturer attests that the product listed above conforms to the essential requirements of the EMC Directive 2004/108/EC until August 14th 2015, based on the following specifications applied:

Regarding Electromagnetic Compatibility (EMC) for Handheld Class B device

EN 61326-1: (2006), Electrical equipment for measurement, control and laboratory use – EMC requirements for portable equipment.
EN55011: (2009) A1:2010, Limits and methods of measurement of radio disturbance characteristics of industrial, scientific and medical (ISM) radio frequency equipment.

The manufacturer also attests that the products listed above conform to the essential requirements of RoHS Directive 2011/65/EU by self-declaration.

For and on behalf of Meriam,

John Merrill
Standards Engineer

A handwritten signature in black ink, appearing to read 'John Merrill', is written over a horizontal line.
